

Be ready for the global economy with a powerful, accurate, far-reaching background screening solution!

International Screening

Did you know the world just became smaller? Well, not really. But, in our **global economy**, it can feel that way. Partner with Data Facts to **effectively manage** your employee background screening, no matter **how many countries** your job candidates have lived in!

International background checks help screen job candidates who are U.S. citizens who lived or went to school in another country, new residents of the U.S. from other countries and residents in other countries applying for remote positions.

Data Facts International Screening offers:

- ✓ Easy ordering from our experienced Background Screening Experts
- ✓ Assistance specific to each country: our experienced staff can advise you on each location
- ✓ Background information from 190+ countries, on 6 continents
- ✓ Access to criminal records, employment and education verification, and other information (varies by country) on your candidate

International Screening by Data Facts benefits you by:

- ✓ **Saving Time:** Don't waste time on countries that do not release information
- ✓ **Thorough Reports:** Sometimes U.S. only reports are not the full picture of the candidate
- ✓ **Consistency:** Maintain uniform screening standards for both national and international candidates
- ✓ **Protection:** Minimize hiring risk by accessing the job seeker's international history

Let Data Facts provide your business with accurate, trusted 3rd party information about your applicant's international background history today! **Call (800) 264-4110.**
